East 19th Street traffic calming will require temporary detours for some Eastside neighborhoods

The Public Services Department is implementing traffic-calming improvements along East 19th Street between Church Street and Irvine Avenue. The improvements include concrete curb bulb-outs, street paving and landscape/Irrigation work.

The concrete curbs on the north side of East 19th Street were completed, and the installation of irrigation sleeves at most of the intersections have been nearly completed. The concrete sidewalks will be constructed along the north side starting Monday, May 15. The next phase of work will include the construction of the curb bulb-outs on the south side of East 19th Street and paving. This work will start on Wednesday May 17.

In order to do this next phase of work expeditiously and safely, all eastbound traffic will be diverted via detours at Fullerton Avenue. The westbound traffic will be allowed on East 19th Street throughout this period. Traffic flow in both directions will resume after this two-week period. Notice of this closure will be provided to all residents along East 19th Street.
