

Fire and Rescue teams to take part in the Emergency Operations Exercise at John Wayne Airport

On Friday, April 14, John Wayne Airport will be conducting a Triennial Emergency Operations Exercise from the hours of 8 a.m. to 3 p.m. This full-scale exercise is mandated by the FAA and is designed to evaluate the operational capability of the emergency management system in a stressful environment.

The Costa Mesa Fire & Rescue Department will be an active participant with a number of other agencies in this drill since we share a border with the John Wayne Airport and routinely respond to emergencies on the airport campus.

The public should be aware that Airway Avenue will be shut down from Baker to Paularino from approximately 8 a.m. to 12 noon to accommodate the exercise. Also, the CMPD Helipad will be used during the exercise.

This is an excellent readiness exercise for the airport and CMF&R is a proud participant. It will increase interagency operations and communication between all the public and private resources. Most importantly it will enhance the safety and security for the tenants and passengers using the airport.
