

Costa Mesa City Hall to reopen to the public on Monday July 12

Costa Mesa City Hall will reopen to the public beginning Monday, July 12, 2021 and will be open from 8 a.m. to 5 p.m., except on alternating Fridays (see dates below).

In anticipation of a high volume of customers, appointments are strongly encouraged for expedited service. Appointments will allow us to provide great customer service, reduce wait times and assist our community as efficiently as possible.

Appointments can be made at www.costamesaca.gov/appointments.

For customers with appointments, please check in upon arrival. Customers who arrive 10 minutes after their appointment time will be moved to a waitlist.

Walk-in times slots are available daily and are served by department staff as time permits.

For those without internet access, kiosks will be available in the City Hall lobby and staff will be available to assist with making appointments. If there are no appointments available for that day, customers are able to join a waitlist and be called at the next available time when staff in that Department can assist. Customers must be on site to be called from the waitlist.

As a reminder, many city services are available online.

According to the California Department of Public Health guidelines, face coverings are required inside City Hall for those who are not fully vaccinated. Fully vaccinated individuals are not required to wear a mask indoors.

Alternating Fridays that City Hall will be closed through

2021.

- July 23
- August 6, 20
- September 3, 17
- October 1, 15, 29
- November 12, 26
- December 10, 24, 31

No street sweeping on Monday July 5 in observation of Independence Day holiday

Due to the observation of the Fourth of July holiday, there will be no residential street sweeping on Monday July 5, 2021. The remainder of the week, residential street sweeping will continue with its normal routes.

For more information, residents can call the city's street sweeping hotline at (714) 327-7471, which has been updated with this information.

City enters into new partnership with SOY to bring

more recreation uses to Westside teens

On Tuesday June 15, the City Council unanimously approved an agreement with Save Our Youth (SOY) to offer joint recreational programming opportunities that will enhance the current recreation offerings to approximately 260 children ages 13-18 from Costa Mesa.

With many of the City's recreational programs being fee-based, teens from lower income households are often not able to take full advantage of the City's recreational programming and offerings.

By partnering with the City's Parks and Community Services Department, teens in the SOY program will be offered shared use of City staff, facilities and equipment.

"I am pleased that we have partnered with SOY, a great organization that has helped countless teens in Costa Mesa," Mayor John Stephens said. "This new venture will help fulfill the vision of Council Members Manuel Chavez and Arlis Reynolds and the Council to provide support to this community treasure."

District 4 Council Member Manuel Chavez and District 5 Council Member Arlis Reynolds were instrumental in advocating for this new partnership.

"I'm happy to see the City of Costa Mesa enter into an M.O.U. with SOY," said SOY alumni Council Member Chavez said. "It's an exciting opportunity for both of us to work together and provide the best services to Westside Costa Mesa students."

Council Member Reynolds agreed.

"Strong community-based organizations are critical for a thriving and resilient community, and they help our City teams better understand community assets and needs and align our services with those needs," Reynolds said. "This partnership with SOY is a great example and step forward for the partnerships we need to embrace to meet our mission of supporting a vibrant and inclusive city."

The agreement with SOY is for three years with an option for two additional years if both the City and SOY agree to continue. The \$42,000 in funding for the program will come from the City's contingency funds.

SOY was established in 1993 through the hard work and steadfast vision of parents on the Westside of Costa Mesa as a non-profit agency serving low-income youth that often lack opportunities due to limited economic means. The nonprofit provides a productive and healthy environment where teens receive mentoring, tutoring, and college preparedness.

Costa Mesa Fire and Rescue crews to conduct training in Talbert Park to prep for wild land fire season

Costa Mesa Fire & Rescue will conduct training exercises June 22 – June 24, 2021 in and around Talbert Park from 8:30 a.m. – 5:30 p.m. Training is in preparation for the upcoming wild land fire season

CMFR wants to ensure the community is aware of the upcoming training and requests residents and park visitors to be mindful of equipment and preparations occurring by fire personnel.

These annual mandatory training exercises take place in Costa Mesa and countywide to help prepare the firefighters for vegetation fires within and outside city limits.

“As California rebounds from the catastrophic wildfires of 2020 and the worldwide pandemic, the California fire service remains strongly at the tip of the spear on both fronts,” Costa Mesa Fire Chief Dan Stefano shared. “Our firefighters are preparing hard and will continue to meet this moment in time without pause or hesitation, and working relentlessly to that end.”

There will be approximately 10 to 12 fire personnel present for the training and two to three pieces of apparatus (fire engine, truck, ambulance, or command vehicle) daily. Firefighters will train on trails in South Talbert Park, where there is dense vegetation and moderate terrain features. The

training is conducted to promote safety, mitigation, terrain recognition, and, area familiarization while focusing on the fundamentals of wild land firefighting.

The department is conducting the training with full awareness and sensitivity of all environmental impacts and ensures this training will exclude any live burn training modules. The training is facilitated with the assistance of the Orange County Parks and County Park Rangers. In addition, the training will also adhere to County and City requirements and recommendations in regards to COVID19 safety precautions.

For questions please contact Captain Joseph Noceti, Public Information Officer of Costa Mesa Fire & Rescue at (714) 754-5091.

City Council approves budget that restores staffing and services to pre-pandemic levels

The Costa Mesa City Council on Tuesday, June 15, unanimously approved a \$197.9 million Operating and Capital Improvement Program Budget for Fiscal Year 2021-22 that restored core services while incorporating key strategies that chart a distinct path towards economic resilience for both near and long-term.

The adopted budget, themed “Charting the Path to Recovery,” provides for strategic investments in Citywide infrastructure, restores staffing and services to pre-pandemic levels, and

maximizes Federal stimulus dollars while the global, national and regional economies recover from the impacts of COVID-19.

“In this budget you see the product of the persistence of the Council Members who were elected in 2018, such as funding for the arts, active transportation, youth programs, and capital improvements on the Westside,” Mayor John Stephens said. “I’m also pleased with the long-term efforts to improve our information technology and city assets such as the golf course as well as investments in police training facilities and fire apparatuses. I am proud to support this budget and thank the budget team, Finance Director Carol Molina and City Manager Lori Ann Farrell Harrison and everyone who played a part in making this budget happen.”

The balanced budget was inspired by the new Mission Statement and five strategic planning goals that were developed at the January 2021, City Council Strategic Planning workshop.

This budget addresses City Council’s mission statement for a safe, inclusive and vibrant City. It provides grants to Costa Mesa families experiencing financial hardship to participate in the Parks and Community Services programs; and fully funds Year One of the Council-adopted Arts and Culture Master Plan

Further, the approved budget includes funding for 530 full-time employees, restores General Fund cuts taken in FY 2020-21, allots for capital improvement projects at \$24.5 million, over half dedicated to streets, information technology improvements, funding to administer Measure Q, and designates over 53% of the General Fund to public safety.

For additional details on the adopted budget [click here](#) to read the staff report.

Irma Garcia is presented with the May City Manager Leadership Award

City Manager Lori Ann Farrell Harrison presented Public Services Administrative Secretary Irma Garcia with the City Manager Leadership Award for May.

“Irma stepped up during the pandemic to provide continuity of service, dedication and commitment to public service,” Farrell Harrison said. “I so appreciate her dedication to our Costa Mesa community at a time we needed it most. Congrats on a job well done.”

During the pandemic, Garcia assumed the role of Acting Executive Secretary and on many occasions filled in other roles due to absences, vacancies, etc.

She goes over and above the call of duty to make sure the department is represented well. She has also been the “go to” person for Spanish translation needs for various departments.

Throughout her service with the City, Garcia has demonstrated a collaborative spirit, getting along with fellow administrative staff and providing excellent support to the leadership team.

Garcia began her career with the City of Costa in April 2000 as an Administrative Secretary in the Recreation Department.

In July 2004, she joined the Costa Mesa’s Public Services team as the Transportation Division’s Administrative Secretary and in June 2013 as the Engineering Division’s Administrative

Secretary.

Applications for Independence Day block party street closure requests due June 22

Applications for Costa Mesa residents who would like to request a street closure to throw a block party on Independence Day are due Tuesday, June 22.

The application packets are available online or can be requested by phone at 714-754-5300. The packets include instructions and rules and regulations governing Fourth of July block parties. Applicants will also need to show proof of liability insurance for the event.

The completed applications must be submitted by 5 p.m., Tuesday, June 22.

To obtain an online application package, visit the City's website [here](#).

For phone requests, please contact the City Hall at (714) 754-5300 or via email at cmrecinfo@costamesaca.gov. Completed applications can be placed in a drop box in front of City Hall or mailed to the Parks & Community Services office on the third floor of City Hall, 77 Fair Drive, Costa Mesa, Calif. 92626.

Statement on arrest of suspects in the death of 6-year-old Costa Mesa resident Aiden Leos

The City of Costa Mesa joins with the entire community to thank the California Highway Patrol for apprehending the two individuals suspected of killing 6-year-old Aiden Leos on Sunday, June 6.

On Tuesday, June 1, the Costa Mesa City Council voted to add \$50,000 to the reward fund to help find the suspects who shot at the car Aiden and his mother were traveling in on the 55 Freeway.

The gunshot mortally wounded Aiden, who lived in Costa Mesa with his mother.

“It is our hope that Costa Mesa’s reward contribution and surrounding publicity aided in apprehending these two suspects, and that this development brings some comfort to Aiden’s grieving family,” said Mayor John Stephens.

The California Highway Patrol issued a statement that the suspects, Marcus Anthony Eriz, 24, and Wynne Lee, 23, were arrested at their home in Costa Mesa.

Costa Mesa City Council agrees to add \$50,000 to the reward fund to find killer of Aiden Leos

The Costa Mesa City Council voted unanimously on Tuesday June 1 to provide \$50,000 in reward money to help find the killer of Aiden Leos, the 6-year-old boy who was shot as he rode in his mother's car on his way to school on May 21 on the 55 Freeway.

Aiden and his mother were traveling from their Costa Mesa home to his kindergarten class in Yorba Linda.

"The senseless tragedy of Aiden Leos' death has been felt by the entire community," Mayor John Stephens said. "We want to do what's necessary to bring Aiden's killer to justice, to take him or her off our streets, and to deter others from engaging in this type of dangerous conduct."

Currently, the California Highway Patrol is investigating the shooting and has received multiple tips from the public after releasing a photo of the suspected killer's white Volkswagen Golf Sportswagen. The car was reportedly occupied by a female driver and male passenger.

Costa Mesa's \$50,000 brings the total amount of reward money to more than \$450,000. Last week, the Orange County Board of Supervisors voted to add \$100,000 to the reward fund, taking \$50,000 each from the budgets of Supervisors Katrina Foley and Don Wagner.

Click here for a picture of the suspect vehicle and more information about the reward funds
<https://www.aiden-reward.com/>.

Anyone who may have information about the suspects is urged to call the CHP at 714-567-6000 or email santaanachptipline@chp.ca.gov.

No Residential Street Sweeping the week of May 31 Due To The Memorial Day Holiday

Due to the observation of the Memorial holiday on Monday May 31, there will be no residential street sweeping the entire week as Costa Mesa Sanitary District also observes this holiday pushing trash collection back one day.

This results in residential gutter lines being cluttered with trash cans making it difficult for street sweeper operators to do an efficient job. Street sweeping will resume back to normal schedule starting the week of June 7.

The following are a list of task that Clean Street's operators will be conducting next week.

1. City wide alley street sweeping
2. Sweeping of park parking lots and other city owned facilities
3. Accident call outs and special request.
4. Night route sweeping on all arterial streets.

For more information, residents can call the city's street sweeping hotline at (714) 327-7471, which has been updated

with this information.

Jason Dempsey receives City Manager Leadership Award for April

City Manager Lori Ann Farrell Harrison presented Emergency Services Administrator Jason Dempsey with the City Manager Leadership Award for the month of April.

“Since the early days of the pandemic, Jason has been instrumental in our emergency operations and response,” Farrell Harrison said. “As someone with extensive military experience, including special operations forces, I knew we were in good hands right from the start. I am so grateful for all he contributed to our team during these difficult times.”

In August of 2018, Dempsey joined the City of Costa Mesa as the Emergency Services Administrator where he has helped the Police Department obtain over \$1 million in equipment from the federal government, managed the receipt and use of multiple grants, engaged with local and regional stakeholders on behalf of the city.

During ongoing efforts to maintain situational awareness, Dempsey became aware of a novel coronavirus, later referred to as COVID-19, in December 2019, and began tracking its development in January 2020. From January to early February, discussions were held with City Leadership regarding how the virus could impact the City.

On the evening of February 20, 2020, Dempsey was notified by

Cal OES that Fairview Developmental Center was to be used as the first non-military quarantine/isolation facility in the Western U. S.

This site was to become active Monday, February 24, 2020 with minimal warning, reassurance, or safeguards in place.

Dempsey provided City Leadership with invaluable information in the first weeks of what became a historic pandemic, enabling the City to secure a rare Stay Order against the CDC, FEMA, and CalOES plans to use Fairview.

Dempsey's early recognition of the severity of these events, coupled with the national and international response to COVID-19, had a significant impact on the City response to the Pandemic and emergency protective measures implemented.

As he assisted with the City's COVID-19 response, he also continued to research ways to improve efficiency and secure resources to ensure we were prepared to serve our community in the event of an unforeseen natural disaster.

He facilitated technology and video updates in the Emergency Operation Center, assisted with civil unrest intelligence and planning during countywide protests, led efforts to be one of the first cities in Southern California with DHS authorization to use Wireless Emergency Alerts, and obtained a Hazard Mitigation Program Grant to assist the City in developing our Hazard Mitigation Plan.

In 2020, Dempsey received the Critical Event Management Award from Everbridge due to efforts to identify and address COVID-19 on behalf of Costa Mesa.

Dempsey began his career in 1997 when he enlisted as an infantryman in the Marine Corps. After September 11, 2001, he deployed as a member of Special Operations Command to Operation Enduring Freedom.

After completion of his third deployment, he moved into the Explosive Ordnance Disposal (EOD) field where he was physically embedded with infantry, Reconnaissance and Special Operations Forces (SOF) as well as foreign units such as the British Royal Marines 40 Commandos.

Dempsey's duties included providing direct EOD support to both the president, vice president and secretary of state visits domestically and internationally.

Dempsey completed 8 deployments, as well as other international dignitary missions, before retiring from the Marine Corps in 2015 as a Chief Warrant Officer.

Following his military retirement and prior to coming to Costa Mesa, Dempsey took a position as an emergency manager with the City of Los Angeles. He spent most of his time at Los Angeles World Airport LAX addressing planning, response, and continuity considerations.

His participation ranged from supporting dignitary visits, interagency exercises with federal agencies such as FBI, CDC, and DHS, to helping develop continuity measures for the LAX EOC and Airport Operations.

Dempsey has two master's Degrees: one in Public Administration from the University of Southern California (USC), another in Homeland Security from the Pennsylvania State University as well as a bachelor's degree in Emergency and Disaster Management. He is a Certified Emergency Manager (CEM) and a Certified Business Continuity Professional (CBCP).

Costa Mesa partners with Providence, Edwards Lifesciences and the cities of Irvine, Santa Ana and Tustin to open two free mass COVID-19 vaccination clinics

Contact: James Chisum

james@millergeer.com

(714) 496-0541

FOR IMMEDIATE RELEASE

ORANGE COUNTY, Calif., April 21, 2021 – Providence, a national nonprofit health system, is partnering with Edwards Lifesciences (NYSE: EW), the Orange County-based medical technology company, and the Cities of Irvine, Santa Ana, Costa Mesa and Tustin to open two mass vaccination clinics at one of Edwards Lifesciences' campus buildings in Santa Ana and the Orange County Great Park in Irvine, providing convenient access for residents to protect themselves from COVID-19.

"I would like to thank Edwards Lifesciences and Providence health for giving us another opportunity to get these all-important vaccines," Mayor John Stephens said. "Clearly the more people we get vaccinated the better the chances are that we will put this pandemic behind us and get back to our normal lives."

The Providence clinic at the Edwards Lifesciences site, which was made possible in part by a generous \$500,000 donation from the company as well as significant facility and staffing support, was strategically chosen due to its capacity and central location. The clinic opens today at 3009 Daimler St. in Santa Ana. A second Providence vaccination clinic in partnership with the City of Irvine will open at the Orange County Great Park on Monday, April 26. The drive-through clinic, at 8000 Great Park Blvd., will offer residents convenient access to life-saving vaccines from the comfort of their vehicles.

Vaccines are by appointment only and can be scheduled at myturn.ca.gov or by calling 1-833-422-4255. Free parking is available adjacent to the clinic location at Edwards.

To ensure smooth operation of the sites, the Cities of Irvine, Santa Ana, Costa Mesa and Tustin are providing resources, including public safety and equipment. Through targeted outreach and multi-lingual communications, the cities are also working to overcome accessibility challenges and immunization hesitancy within their local communities.

“Providence is committed to providing Orange County residents with access to the vaccine, particularly our most vulnerable communities that are bearing the brunt of this virus, and our strong partnerships are making that possible. Working with the dedicated staff at Edwards and the Cities of Irvine, Santa Ana, Costa Mesa and Tustin to open these two sites, helps us increase our capacity to deliver more vaccine doses and keep our communities healthy,” said Erik G. Wexler, president, operations and strategy, Providence – South.

Providence has helped lead vaccine distribution in the region, having administered more than 256,815 doses to date. Providence clinical and operations teams will staff the mass vaccine clinics, and through its regional operations, have access to the three U.S. Food and Drug Administration-approved

COVID-19 vaccines from Pfizer BioNTech, Moderna and Janssen (Johnson & Johnson). Following the recommendation from the Centers for Disease Control and Prevention and the U.S. Food and Drug Administration, Providence has paused use of the Johnson & Johnson vaccine. Once fully operational, the two sites together will be able to vaccinate up to 4,000 residents per day, with the ability to expand depending on vaccine supply. All vaccines are administered free of charge.

Since the onset of the COVID-19 pandemic, there have been over 44,000 diagnosed cases of COVID-19 in Santa Ana, equating to a 13.2% positivity rate. Neighboring cities have faced lower, but still high positivity rates, with Irvine having a 3.6% positivity rate; Tustin, 7.49%; and Costa Mesa, 7.59%. Furthermore, communities of color continue to be disproportionately impacted by COVID-19.

Providence is committed to helping reduce health disparities exacerbated by the pandemic, and recently made an initial investment of \$1.4 million to expand outreach and education and increase the COVID-19 testing and vaccination supply to marginalized communities. In addition to pop-up vaccine clinics in at-risk communities, Providence hopes these two new mass clinics will help support equitable distribution of vaccines across the county.

About Providence Southern California

Providence Southern California is a not-for-profit Catholic health network with 11 hospitals, approximately 90 clinics, TrinityCare Hospice and its TrinityKids Care pediatric hospice, Providence High School, home health care services, eight wellness centers and numerous physician groups in its Southern California Region. Together these ministries, including secular affiliates and some representing other faiths, generate \$7.5 billion in net revenue and have approximately 30,000 employees – called caregivers – and nearly 5,200 physicians on staff.

Providence Southern California is part of Providence, a health system of 111,000 caregivers serving in 52 hospitals, 829 clinics and a comprehensive range of services across Alaska, California, Montana, New Mexico, Oregon, Texas and Washington. Providence strives to increase access to health care and bring quality, compassionate care to those we serve, with a focus on those most in need.
