On Tuesday Dec. 1, the City Council ratified the results of the Nov. 3 election that reflected a historic citywide turnout.

Katrina Foley was sworn in as Costa Mesa's directly elected Mayor for the second time, and residents now have representation in District 1 with Don Harper, District 2 with Loren Gameros and District 6 with Jeff Harlan, a Costa Mesa first.

The Mayor and new Council Members were officially seated at the Dec. 1 City Council Meeting.

"The new Council Members bring experience critical to help to restore our economy, support struggling small businesses, protect jobs, and protect the public health and safety of our community all impacted by COVID-19," Mayor Foley said. "Our top priority now requires sharp focus on managing the impacts of COVID19 by supporting residents and small businesses, as we await therapeutics and a vaccine."

Mayor Foley, who was elected for a second two-year term, said she looks forward to the Council's strategic planning session in January when they can also discuss future plans related to housing, an environmentally sustainable future, and quality of life improvements.

"I'm confident our new team will work well together to navigate through these challenging times to ensure a brighter 2021 and beyond," she said.

## **Costa Mesa receives Golden Hub of Innovation Award for**

# business recovery efforts

The Association of California Cities – Orange County awarded the City of Costa Mesa's reStore Costa Mesa Recovery Team and the Costa Mesa Business Assistance Collaborative (Costa Mesa's BAC) with a Golden Hub of Innovation Award for Excellence in Public Private Partnerships at its annual awards ceremony on Oct. 15.

"We are thrilled to receive this award from ACC-OC," Mayor Katrina Foley said. "After the COVID-19 pandemic hit, our local businesses were forced to shut down. We immediately formed the reStore Costa Mesa Recovery Team that met for 13 meetings virtually to keep businesses informed, cut through red tape, and assist in reopening. This was a coordinated effort with my Council colleagues Mayor Pro-Tem John Stephens and Andrea Marr, City staff, Travel Costa Mesa, South Coast Metro Alliance, and the Costa Mesa Chamber of Commerce. A big thanks to everyone involved."

City Manager Lori Ann Farrell Harrison credited the City's Economic Development staff, especially Economic Development Administrator Dan Inloes and Chief of Staff Connor Lock, for identifying ways to help local businesses most affected when the economy shut down.

"I'm extremely proud of our staff and their commitment to help local businesses by providing timely information regarding funding opportunities and reopening guidelines to get the economy reopened," Farrell Harrison said. "Costa Mesa has a reputation of being business friendly and we proved it by engaging with industry leaders and exploring creative ways to assist them with keeping the doors open during this challenging time."

Costa Mesa's BAC deployed a call center to reach out to over 2,000 businesses to find out how they have been impacted by

COVID, launched a new mass email campaign to keep thousands of businesses up to date on actions and guidelines issued by federal, state and county governments and the resources available to them.

City staff also launched a Shop Costa Mesa Campaign, which included a social media push and with graphics and branding. Staff managed the administration of the Small Business Relief Grant Program and provided universal signage designs for businesses to use while Orange County COVID Safety Guidelines are in affect. It assisted businesses with modifying hours of operation and service restrictions and helped create outdoor seating, outdoor retail, and curbside or drive-through pickup opportunities.

Finally, the staff developed a new Website [www.costamesabac.com](http://www.costamesabac.com) to mobilize businesses and patrons by directing residents to local businesses in a safe manner and providing resources to local businesses through a comprehensive resource guide.

ACC-OC hosted its 9th Annual and first ever virtual Golden Hubs of Innovation Awards ceremony to acknowledge public agencies and public servants that are improving the community around them with innovative programs and service excellence.

Due to the ongoing state-mandated restrictions, this year's ACC-OC awards event was streamed live over Zoom. The award presentation included short videos of each Golden Hub recipient.

# **SOS to provide mobile medical unit to Bridge Shelter clients**

Individuals who seek out shelter services arrive at the Costa Mesa Bridge Shelter needing much more than housing. Primary among their concerns is healthcare.

In response to that need, Share Our Selves (SOS), a Federally Qualified Healthcare Center that provides high quality, comprehensive medical and safety net services to the Orange County community, has agreed to bring their fully functional mobile medical unit on site two times a month beginning in October.

For many of the Bridge Shelter clients, their survival is a daily task, prioritization of health can slip away. As clients settle in and begin to plan the next step for housing stability, the need to get a physical checkup becomes apparent.

Once again, the amazing collaboration of community resources and partners has come together to develop an opportunity for shelter guests to receive medical attention that may have been needed and missing for long periods of time.

The SOS services will provide a critical opportunity for

shelter guests to receive convenient access to health care. Along with comprehensive examinations and medical history, clients will have the opportunity to be properly enrolled in a health care provider network that fits the need for the client and provides the best linkage to individualized care.

Housing an individual requires a whole person approach. Having SOS on site fulfills a key role of the client housing plan and overall health, which is a factor that contributes greatly to long term and permanent housing.

The City is grateful and values this new partnership with SOS and look forward to continuing this partnership at the permanent shelter location.

This partnership will provide an overall improvement of healthcare outcomes for Bridge Shelter clients.

## **Chris's story: Bridge Shelter helped him go from life on the streets to a home of his own**

While living in the Costa Mesa Bridge Shelter, Chris received assistance from Costa Mesa outreach workers and partners in the Network for Homeless Solutions to connect with multiple services. After a year in the shelter, he is now living in an apartment in Orange County where he is thriving and improving each day.

Chris, who is a young adult, came from a broken home and was a foster youth who lived on the streets. Bridge Shelter Case Manager Paul worked closely with him to develop a comprehensive housing plan and help him reintegrate into society.

Paul cultivated a collaborative relationship with Chris by developing trust and encouraging self-sufficiency. Chris was linked to mental health services for therapeutic support and through assistance from the county, he was eligible for a housing voucher.

The voucher allowed Mercy House's housing navigator to explore housing units in Orange County. After several months of considering different housing options, Chris found his first permanent home placement, which is a significant milestone for

him.

Community volunteers and partners assisted Chris in furnishing his home and provided follow up home visits.

Chris is an example of the City of Costa Mesa's collaborative efforts to assist those experiencing homelessness in the community.

## **Costa Mesa Fire Chief Dan Stefano is new president of California Fire Chiefs Association**

Costa Mesa Fire Chief Dan Stefano has been officially sworn in as the new president for the California Fire Chiefs Association (CalChiefs), becoming the first chief from Costa Mesa to hold that post and the first from Orange County in over 20 years.

Stefano will now lead the state organization that represents more than 800 fire agencies operating throughout California, including a nine-person executive board, an additional 12 area directors to complete the full board, as well as eight professional sections, covering the spectrum of all areas related to Fire, Rescue, EMS, and Community Risk Reduction activities. He remains the president of the Orange County Fire Chiefs Association, a role he has held for the past two years.

“The California fire service has never been more in alignment and unified on the critical issues we are facing today, as evidenced by our advocacy and legislative successes over the past few years.” Stefano shared. “Our talented CalChiefs leadership team will continue to build on our strong partnerships and highly valued relationships from the local level to the Capitol, in thoughtfully setting the stage for the best possible outcomes for the communities we all serve and for all of those who we serve together with, shoulder to shoulder, to that end.”

City Manager Lori Ann Farrell Harrison congratulated Chief Stefano on this key appointment.

“Those of us who work daily with Chief Stefano are keenly aware of his strong leadership, dedication and professionalism,” Farrell Harrison said. “But it is even more impressive that the chief’s peers in the fire service have elected him to lead this statewide agency. We congratulate him on this major achievement.”

Mayor Katrina Foley also praised Chief Stefano’s leadership.

“Chief Stefano is a true public servant,” Mayor Foley said. “During this pandemic, his calm, steady, and stable leadership served our council, fire department and city well. As we transition out of the COVID-19 crisis, and manage the devastating wildfires across the state of California, his servant leadership will benefit the region and state. We are honored to support him in this new role.”

Chief Stefano said he is humbled that his colleagues chose him to lead this organization at such a critical time as firefighters across the state battle historic wildfires. Further, he said while he welcomes this new role, his dedication to the Costa Mesa Fire team and community remains his top priority.

Chief Stefano was elected to CalChiefs last year and had been

serving in the role of president elect until his formal installation took place on Sept. 10. The last fire chief from the Orange County region to lead CalChiefs was Newport Beach Fire Chief Tim Riley in 1998.

Stefano, who grew up in neighboring Newport Beach, has served as the fire chief for Costa Mesa since 2013. Prior to that he served the Laguna Beach Fire Department for nearly two decades.

## **Costa Mesa launches virtual campaign to celebrate Hispanic Heritage Month**

On Tuesday, the City Council officially proclaimed the month of Sept. 15 through Oct. 15 as Hispanic Heritage Month.

Council Members Manuel Chavez, Arlis Reynolds and Andrea Marr, who were elected in 2018 and became the first members of the City Council of Hispanic heritage, will be featured in the campaign.

“The Hispanic community has deep roots in the City of Costa Mesa,” Mayor Katrina Foley said. “Today, residents of Hispanic and Latino origin represent 36 percent of the City’s population and by celebrating Hispanic Heritage Month we encourage all Costa Mesa residents to increase their cultural awareness and learn the important role that our Hispanic and Latino community has played in contributing to our City’s prosperity.”

In addition, the campaign will feature City Manager Lori Ann Farrell Harrison, who in July of 2019 became the first Latina to hold the top job in the City of Costa Mesa.

“It is my honor to be the City Manager of a city with such a strong Hispanic heritage,” Farrell Harrison said. “For many years, the Hispanic community has enriched the City of Costa Mesa through their resilience, spirit, vibrancy, leadership, investments, and entrepreneurship, advancing the many successes of our richly diverse City. This is a proud day for Costa Mesa.”

The virtual Hispanic Heritage Month celebration will take place in both English and Spanish languages and will be viewable on the city’s social media channels on Facebook, Instagram and YouTube.

National Hispanic Heritage Month takes place each year from Sept. 15 to Oct. 15 to celebrate the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America.

The observation started in 1968 as Hispanic Heritage Week under President Lyndon Johnson and was expanded by President Ronald Reagan in 1988 to cover a 30-day period starting on September 15 and ending on October 15. It was enacted into law on Aug. 17, 1988.

## **No street sweeping the week of Sept. 7 due to Labor Day holiday**

Due to the observation of the Labor Day holiday on Monday, there will be no residential street sweeping Sept. 7 through

Sept. 11, 2020.

This coincides with the Costa Mesa Sanitary District, which also observes this holiday by pushing trash collection back one day.

This results in residential gutter lines being cluttered with trash cans making it impossible for street sweeper operators to do an efficient job. There should be no parking citations issued during this time.

Street sweeping will resume back to normal schedule the week of Sept. 14.

In lieu of sweeping streets, the following are a list of task that clean streets operators will be conducting next week.

- City wide alley street sweeping
- Sweeping of park parking lots and other city owned facilities
- Accident call outs and special request
- Night route sweeping on all arterial streets

For more information, residents can call the city's street sweeping hotline at (714) 327-7471, which has been updated with this information.
