

Mayor's Award goes to SOS founder Jean Forbath

Costa Mesa Mayor Katrina Foley presented Jean Forbath, a longtime charity leader and advocate for Costa Mesa's low-income communities, with the Mayor's Award at the Tuesday March 21 City Council meeting.

"It's caring people like Jean who are willing to sacrifice and share their selves that make our community so much stronger," Mayor Foley said. "For your tireless dedication in service to others, and for the amazing impact you have had on the lives of so many here in Costa Mesa, it is my honor and privilege to present you with the Mayor's Award."

In 1970, Forbath and her husband Frank founded Share Our Selves to care for those living in poverty in Orange County. SOS has since grown to become a model nonprofit organization providing the highest quality safety net services to the homeless and low-income populations in Orange County.

Forbath was also a founding board member of Save our Youth, or SOY and served as executive director and treasurer during her 22 years on the board.

"The time I have spent with SOS and Costa Mesa has been very rewarding," Forbath said. "Without the help of the city, it would be difficult to do what we do. I very thankful and honored to get this award."

Costa Mesa's Jack Hammett Sports Complex will be new home to Chargers Summer Training Camp

The Costa Mesa City Council gave unanimous approval Tuesday night March, 21 to enter into a 10-year use agreement with the Los Angeles Chargers to practice at the Jack Hammett Sports Complex during the NFL team's training camp this summer.

"We are pleased to have reached an agreement that will benefit both the Chargers and the Costa Mesa community at large while addressing the concerns of the neighbors," Mayor Pro tem Sandra Genis said. "Along with other fans, I'm looking forward to watching the Chargers in action on our fields."

The Chargers announced in January that the team is moving from San Diego to Los Angeles and also announced that it was moving its headquarters into the Hive office complex in Costa Mesa.

Chargers owner Dean Spanos spoke to the City Council and thanked City Manager Tom Hatch and the Costa Mesa staff for working hard to make this agreement happen. Spanos invited the community to come to the camp to meet the football players.

"We are very proud and very honored to be a part of Costa Mesa and call this our home," Spanos said. "This camp is an opportunity for everyone in Costa Mesa to come out and see what it's all about. I hope the whole city comes out."

Because the Jack Hammett Sports Complex fields are refurbished during the summer months, no youth sports teams will be displaced during the time the team will use the fields. Starting around mid-July, the team will hold its camp on

fields No. 3 and 4 and bring the turf on those fields up to NFL standards. Training camp will take place from 8 a.m. to 5 p.m. and will finish about mid August.

As part of this training camp agreement, the team will provide Costa Mesa with \$150,000 a year to use the site for a potential \$1.5 million over 10 years.

In addition, the Chargers will give the city \$50,000 to be used for a recently approved Mobile Recreation Program. Also, because field refurbishments need to happen as early as April, the Chargers have agreed to give the AYSO soccer organization a one-time payment of \$10,000 to assist with finding field space.

The city and the Chargers plan to work closely together to ensure there are minimal disruptions to the nearby homes and neighborhoods. Because the training camp will coincide with the annual OC Fair, the city and the team will also develop a comprehensive plan for managing parking and traffic in the area.

OCTA official gives update on 405 expansion project

Nicollete La Piana, a Community Relations Specialist from OCTA, discussed the details of the upcoming Interstate 405 Improvement Project at the Costa Mesa Chamber of Commerce's monthly Breakfast Boost on Thursday March 16.

[Click here to see her presentation.](#)

Of particular interest to Costa Mesa residents is the reconstruction of the Fairview Road overcrossing at the 405 Freeway, which will take place mid to late 2018. That work will result in the closure of some lanes in both directions as well as closures to freeway onramps. Costa Mesa Public Services will be working closely with OCTA to address those issues.

OCTA in cooperation with the California Department of Transportation (Caltrans) is widening the San Diego Freeway (I-405) between State Route 73 (SR-73) and Interstate 605 (I-605). The project will improve 16 miles of I-405 between the SR-73 freeway in Costa Mesa and I-605 near the L.A. County line.

The project includes adding one regular lane in each direction from Euclid Street to I-605 and making improvements to freeway entrances, exits, and bridges. It also will construct 405 Express Lanes, two lanes in each direction from SR-73 to I-605.

The new express lanes – incorporating the existing carpool lanes and connectors that opened in 2014 – will give solo drives the choice to speed up their commute for a toll, and carpoolers may ride in the lanes for free. Transportation improvements to freeways keep commuters and goods moving within Orange County and to destinations beyond.

With Orange County's population projected to increase dramatically by 2040, change is needed today to ensure tomorrow's mobility. Currently, the **405 Improvement Project** is one of OCTA's premiere projects.

As a part of the project, OCTA is conducting a robust community outreach program which includes sending email alerts, offering civic and community presentations and posting information on our website and social media platforms.

The OCTA team has also developed an extensive business

outreach program.

As the project moves into the construction phase in late 2017, OCTA wants to partner with businesses and employers within the project corridor.

The agency is continuously looking for opportunities to expand its efforts to those who are interested in receiving project updates.

OCTA offers one-on-one or brown-bag briefings/presentations, and can tailor materials for internal newsletters or other useful communication mediums.

The OCTA team does whatever it can to minimize the impacts to residents, businesses, as well as motorists. Please contact OCTA if you have any questions or special requests by emailing 405project@octa.net or calling 888.400.8994.
