Code Enforcement confirms latest sober living home closures

In the city's recent settlement agreement with Solid Landings, the rehab home operator was to close 15 of 33 facilities within 30 days of the settlement agreement date.

City Code Enforcement staff has verified that Solid Landings has closed (left the location/lease) and or sold these locations.

During the monitoring of these locations, code enforcement staff identified four new operations in Solid Landings previously leased locations.

These operators were noticed and cited for running facilities without City approvals.

They were required to terminate their operation within 30 days.

Three of the four facilities agreed to cease their operations and paid the fines.

Only one of the four contested their fines and in a recent citation appeal hearing, the City's fine was upheld by a third party hearing officer.

The operator was found liable for the violation.

Code Enforcement staff will be following up with all these locations, which includes additional fines and possible civil action if these locations are not in compliance

Problem home is razed after years of substandard conditions

Since 2006, the home at 276 E. 19th Street had been cited for trash and debris promoting calls to Code Enforcement and several court hearings taking place to address the problem.

Some of the issues were resolved at the time, but in 2013, Code Enforcement Officer Mike Brumbaugh was assigned the case following reports of people living in the home while the ceiling was falling in. After speaking to neighbors and inspecting the property he could see it was in substandard condition.

The city tried to contact the owner to do a walk-through. All of the city's requests were ignored and walk-through was never scheduled. The city attorney's office then went to court for an inspections warrant, which was granted. Police and fire personnel accompanied code enforcement on the inspections, where the home was discovered to be unlivable due to health and safety issues.

Ultimately, the home was red-tagged and boarded up. After it was put into receivership, trash and debris was removed. The case was extended by the courts for several years until recently when the home was leveled and is now just a dirt lot. The lot will be sold and money will be divvied up between the receiver and owner.

City asks legislature to halt proposal that cripples local government review

Mayor Steve Mensinger, on behalf of the City Council, has sent a sharply worded letter to two high ranking legislative leaders announcing the city's opposition to a proposal by Gov. Jerry Brown that would eliminate city regulations and review of specific affordable housing developments.

The city is asking Assembly Member Adrin Nazarian, chair of the Assembly Budget Subcommittee and state Sen. Richard Roth, chair of the Senate Budget Subcommittee, to put the brakes on any legislative action that would pass the governor's proposal, saying it undermines local government and public engagement and will increase the public's distrust of government.

"The City of Costa Mesa is supportive of efforts to increase affordable housing opportunities for California's residents, especially in Orange County," Mayor Mensinger wrote. "However, your proposed language to streamline affordable housing weakens the ability for local governments to review or approve projects in their communities."

Pilot Cup Soccer Tournament founder Kirk McIntosh honored with Mayor's Award

On Tuesday June 7, Costa Mesa Mayor Steve Mensinger honored longtime resident Kirk McIntosh with the Mayor's Award for his years of involvement as the director of the annual Pilot Cup soccer tournament.

"You're one the people who make our city special," Mensinger said, noting that the event had 213 teams competing this year. "For Kirk and his legion of volunteers to pull off a tournament of this magnitude every year is extraordinary."

The Pilot Cup started 17 years ago and was the brainchild of McIntosh, a father of five soccer playing girls. He presented his idea to Daily Pilot editors and publisher Tom Johnson and the rest is history.

McIntosh, who attended the meeting with his wife Sue as well as some of his children and grandchildren, said the event wouldn't be possible without volunteers.

"As we all know it's nice to be recognized and I wish I could bring some others up here as this event requires a lot of volunteer participation.," he said. "But there is a lot of happy kids and happy families. I thank you for this award and I'll share it with the other folks who should also be up here."

The Pilot Cup originally started with only 500 players but has grown to 2,500 players from third to sixth grade and every school in the Newport-Mesa Unified School District competes as well as local private schools.
