

Bark Park gets a new part-time staffer

The Parks & Community Services Department announced it has hired a new part-time staff member to who has been assigned solely to the Bark Park.

The staffer works 24 hours a week Monday through Friday. The Bark Park is a heavily-used park which requires daily maintenance and cleaning needs. The maintenance worker is able to fill holes daily to meet safety needs, clean chairs, sweep walkways, monitor public postings, empty trash cans and assess larger maintenance needs.

Having an increased staff presence in the park has also helped with gathering feedback from the regular users in regards to park enhancements as staff moves to create a master plan for overall park improvements.

Tanager Drive landscape renovation completed

Costa Mesa public service crews recently finished the Tanager Drive landscape near the Costa Mesa Country Club main entrance.

The work resulted in the removal and replacement of several hundred feet of tired chain link fencing and the declining woody vines, which blocked views to the Costa Mesa Country Club.

The entrance project, funded by golf course revenues, made a

tremendous improvement to the main access for the City's golf course and the clubhouse. The attractive plants, decorative stone treatments, accent lighting, and the new gold lettering of the new entrance quickly highlighted the poor condition of the remaining street-scape along Tanager Drive.

The installation of wrought iron fencing and a pedestrian access gate was finished off with a creative blend of water efficient plants in a meandering design. As the plant material becomes acclimated and begins to grow, the colorful blend of succulent plants with their wide variety of forms and textures will keep the small slope stable and provide an attractive frontage to the golf course.

City is gearing up for new ARTventure weekend event beginning Nov. 13

The City's Cultural Arts Committee and Parks and Community Services Department have set the stage for a unique, three-day arts event that will feature more than 100 pieces of art submitted by local community members.

The artwork will be displayed alongside one-of-a-kind pieces of furniture and vibrant home décor inside of the Cisco Home Showroom located in the SoCo Collection design center.

"This inaugural ARTventure event is primed to become an annual signature event that highlights and signifies why Costa Mesa is known as the City of the Arts," said Justin Martin, the city's supervisor of Parks and Community Services, which is overseeing the event.

The new ARTventure event, founded by the city's Cultural Arts Committee, is free to the public and will run Friday, Nov. 13 through Sunday, Nov. 15.

This one-of-a-kind juried exhibition of art will showcase the work of local artists in a non-traditional gallery style format that pairs individual artwork with furniture, fixtures, home décor and unique design elements.

Accepted submissions include a variety of media, including oil, watercolor and acrylic paintings, graphite drawings, metal sculpture, fashion, photography, fiber art, mixed media as well as literary art.

To enhance the atmosphere of the event there will be live entertainment featuring strolling vocal and instrumental musicians, dance performances, and literary and culinary demonstrations. Youth performances and youth art coming from K-12 Costa Mesa schools will also be part of the event.

Friday's event begins at 5:45 p.m. with a welcome from city leaders and members of the Cultural Arts Committee. Awards covering several categories will be presented to selected winning artists. Food and beverage will be part of the festivities as well as entertainment by the Irvine Jazz Trio.

Saturday and Sunday's event will both begin at 11 a.m. and run

until 5 p.m. Saturday's event will feature displayed artwork as well as culinary demonstrations by Bistro Papillote and ST Patisserie, and a special musical performance by Ruben Gonzalez of Pasion Gitano, provided in thanks to the Segerstrom Center for the Arts.

Sunday is family day and will feature displayed art, demonstrations from the Strategic Kids Lego Engineering and Robotics Team from Davis Elementary School, an interactive animation station with special guest animator Lynn Okimura, a performance by the All-American Boys Chorus and an afternoon reading and discussion with 10-year-old child author Ryan Rector.

Ryan Rector

All submitted entries will be screened, juried and displayed at the Cisco Home venue. The art will then be judged by Kirby Piazza, Costa Mesa High School's ACE Academy Visual and Performing Arts chair.

In addition to Cisco Home, the SoCo Collection design center and the Segerstrom Center for the Arts are sponsors of the event.

The SoCo Collection center is located at 3303 Hyland Ave,

Costa Mesa.

Fair Board unanimously OKs going forward with Arlington Drive bio-swale and bike trail project

The OC Fair Board of Directors voted 9-0 at the October meeting to begin the process to enter into a partnership with the city of Costa Mesa to construct a new vegetated bio-swale and multi-purpose bike and pedestrian trail along the southerly portion of Arlington Drive.

The board was given a presentation by Public Services Director Ernesto Munoz, who outlined how the city's Engineering Division will work together with Kabbara Engineering and the OC Fair & Event Center to complete the project, which will require the removal of approximately 70,000 square feet of asphalt concrete on Arlington Drive.

The \$3.2 million project will serve to beautify Arlington Drive and provide a biological filtration system for water runoff to the Upper Newport Bay.

To pay for the project, the City of Costa Mesa received a grant for \$1.69 million and the OC Fair & Event Center will provide an additional \$1 million. In addition, the Costa Mesa City Council allocated \$510,000 for the work.

"This project will result in significant benefits to the OC Fair & Event Center and the overall community by installing much needed amenities along this unimproved section of

Arlington Drive,” Munoz said. “It is exciting to take part in this partnership between the City and the OC Fair & Event Center to achieve common environmental as well as aesthetic goals.”

The collaboration between the City, the OC Fair & Event Center, and Kabbara Engineering will now continue in the development of construction documents.

Presentations of the upcoming improvements will be made to various stakeholders, including the Newport Mesa Unified School District as well as the Mesa Del Mar Community in early 2016.

Construction is anticipated to begin in the fall of 2016.
