

N-MUSD Brings Home the Gold

The California Department of Education (CDE) awarded twelve elementary schools in Newport-Mesa Unified School District (NMUSD) with the California Gold Ribbon Award, in recognition of their outstanding educational programs and practices that contribute to closing the achievement gap.

The Gold Ribbon program replaces the California Distinguished Schools program during the two years that California is developing new assessment and accountability systems. The California Gold Ribbon Schools Award was created to honor schools while the California Distinguished Schools Program is on hiatus as California transitions to new assessment and accountability systems. Traditionally, the Distinguished Schools Program honored public schools that showed improved student outcomes as measured through standardized testing and reporting scores and additional measures.

The Gold Ribbon program is different from the California Distinguished Schools program in that it focuses on recognizing schools that demonstrate academic progress through the implementation of the new State standards.

The seven NMUSD schools in Costa Mesa that were honored with the California Gold Ribbon Award are:

Davis Magnet School

Davis Magnet School was recognized as a Gold Ribbon School for their success in closing the achievement gap, engaging parents and community and use of technology through their project based learning, which focuses on improving achievement in Science, Technology, Engineering and Math (STEM).

Sample project based learning at Davis Magnet School include a rollercoaster challenge, where students create a rollercoaster to learn about motion and force; develop a bio-waste digester,

which teaches students about waste matter, renewable energy, chemistry and more. The project based approach to learning has resulted in 75 percent of Davis students meeting or exceeded English language arts standards and 74 percent meeting or exceeded math standards, based on the Smarter Balanced Assessment Consortium data. These percentages are 39 to 125 percent higher than district, county, and state averages. Learn more about Davis Magnet School at <http://davismagnet.nmusd.us>.

Kaiser Elementary

Kaiser Elementary uniquely serves students in grades three through six and was selected as a Gold Ribbon School for their success implementing their Read All Day (RAD) Program. The RAD program includes various tiers of instruction, grounded on new state standards, student assessments to determine the tier of instruction that best suits each student's need, and creating a community culture of reading.

The RAD program has resulted in a 24 percent increase in student reading proficiency. Based on 2015 Smarter Balanced Assessment Consortium data, English learners exceed state averages by nine percent, socio-economically disadvantaged students exceed state averages by 11 percent and special education students exceed state standards by 18 percent. To learn more about Kaiser Elementary please visit <http://kaiser.nmusd.us>.

Killybrooke Elementary

Killybrooke Elementary School was recognized as a Gold Ribbon School for their success in implementing a college and career readiness program centered on universal achievement (as a No Excuses University school) and technology integration.

Killybrooke has made great strides in increasing achievement of all students and closing the achievement gap for English Learners and socio-economically disadvantaged students,

through six systems designed to help all students achieve, with technology (including 1:1 Chromebooks for students in grades 3-6) used as a tool to maximize student learning.

Assessments show improvement, with Academic Performance Index increasing from 667 to 867, English language arts proficiency increasing from 27 percent to 67 percent, and math proficiency increasing from 31 percent to 75 percent. Student scores exceed County and State averages. Learn more about Killybrooke Elementary at <http://killybrooke.nmusd.us>.

Paularino Elementary

Paularino Elementary School was recognized as a Gold Ribbon School for their success in creating a culture of universal achievement through their program, Reading Our Way to College. Paularino Elementary became a No Excuses University school to inspire students to attend college and also implemented an Accelerated Reader program to encourage students to read independently.

Implementation of these reading programs and other programs, focused on improving students' character virtues- such as fairness, responsibility, respect, caring, trustworthiness and good citizenship- have resulted in a 21 percent decline in the number of students reading two or more years below grade level. To learn more about Paularino Elementary please visit <http://paularino.nmusd.us>.

Pomona Elementary

Pomona Elementary School was recognized as a Gold Ribbon School for their reading instruction program, which uses small group dynamics to deliver adaptive reading instruction for students to achieve academic success. Students that require intensive intervention are placed in groups as small as two, while students who have mastered grade level foundational skills receive teacher support to move beyond grade level expectations.

The reading program, which is flexible and adjusted throughout the year, has resulted in ten percent more students scoring at benchmark reading levels. STAR testing data showed an 18 percent drop in students reading two or more years below grade level. Learn more about Pomona Elementary at <http://pomona.nmusd.us>.

Sonora Elementary

Sonora Elementary School was recognized as a Gold Ribbon School for their No Excuses University: We are College Bound program.

The We are College Bound program is designed to close the achievement gap between students in traditionally low-achieving sub-groups by implementing continuous data assessments to develop individualized academic intervention plans and address social-emotional and behavioral needs of students.

Sonora Elementary has twice been named a California Distinguished School and a Title 1 Achieving School. Learn more about Sonora Elementary at <http://sonora.nmusd.us>.

Early College High School

In 2015, the first year of the California Gold Ribbon Program, the California Department of Education recognized NMUSD's Early College High School (ECHS) with a Gold Ribbon Award. ECHS partners with Coastline Community College to offer students the opportunity to earn both a high school diploma and a year or more of transferable college credit.

With a 100 percent graduation rate, ECHS offers smaller classes, on-campus college classes, dual-credit classes, easier transition to higher education and financial savings of completing college credits in high school.

ECHS is top ten ranking among all public high schools Orange

County and has the highest California Department of Education rating of 10/10, for seven consecutive years. Learn more about ECHS at <http://earlycollege.nmusd.us>.

Estancia Drama presents Urinetown

Estancia High School's award winning drama department ends the 2015-2016 season with the presentation of *Urinetown*, a hilarious tale of greed, corruption, love and revolution in which water is worth its weight in gold. The Tony award winning musical sheds a satirical light on the drought, extreme political agendas, and musical theatre itself.

Urinetown premiered on Broadway in 2001 with Estancia alumna Spencer Kayden as Little Sally, the loveable pig-tailed girl who helps explain the plot. Kayden is also known for her membership in the recurring cast of comedians on the sketch comedy series *MADtv* and also played the role of Mrs. Pepper in the popular *Nickelodeon* kids series *Blue's Clues*.

Performances will be held April 28 – 30 at 7:30 p.m. in the Costa Mesa High Performing Arts Center, 2650 Fairview Road. Tickets are \$10 for students and \$15 for general admission and are currently available for presale. Tickets will also be made available at the door.

For ticket information call Pauline Maranian at (949) 515-6537 or the ASB office at (949) 515-6506.

TeWinkle Middle School Teacher Receives Second Fulbright Award

Brian Ristow, TeWinkle Middle School Special Education Teacher and former Teacher of the Year, was awarded the Fulbright Distinguished Award in Teaching from the United States Department of State and the J. William Fulbright Foreign Scholarship Board.

Ristow is one of approximately 45 U.S. citizens who will travel abroad through the Fulbright Distinguished Awards in Teaching Program in 2016-2017. He will live and work in New Zealand to learn about the culture, society and educational system of New Zealand and share insights about the United States with colleagues at his host school. Ristow previously received Japan Fulbright Memorial Fund for Teachers Award.

“Brian is an outstanding educator and brings amazing qualities

to the classroom,” said TeWinkle Middle School Principal Kira Hurst. “I am very happy for this opportunity for Brian to learn about New Zealand’s education system and hopefully bring back exciting and new ideas to TeWinkle.”

The purpose of the Fulbright Program is to increase mutual understanding between the people of the United States and those in other countries. Recipients of Fulbright grants are selected on the basis of academic and professional achievement, as well as demonstrated leadership potential.

Fulbright recipients are among more than 50,000 individuals participating in U.S. Department of State exchange programs each year. The Fulbright Distinguished Awards in Teaching Program is administered by the Institute of International Education. To learn more about the program [click here](#).

City to test drive new hydrogen-powered Toyota

Toyota Motor Sales USA will be lending the City a 2016 Toyota Mirai for a couple of weeks to test drive.

The car has an electric motor powered by hydrogen fuel cells, resulting in a 100-percent-pollution-free vehicle.

The fuel cells produce electricity from the high pressure hydrogen with only water as a byproduct. The 300 horsepower motor moves the car exceptionally quick, without any motor noise or exhaust.

Hydrogen is available locally at the Valero gas station on Harbor Boulevard to retail customers.

Several City departments will be given an opportunity to drive the vehicle for routine City business over the two weeks of the test.

The car will travel over 300 miles per fueling and may be leased by the public in the \$400-500 a month range or purchased with State incentives for the mid \$40,000's.

New fence built at Downtown Recreation Center enhances event space

City officials recently installed new fencing outside the Downtown Recreation Center in Lions Park.

The new fence will allow for an enhanced events space for both recreational use and private rental use, and will provide dedicated space to children who want to engage in recreational activities at Lions Park.

Expanded programming by Parks and Community Services will be implemented in this new outdoor space.

Tesla Motors presented with

Mayor's Award

Costa Mesa Mayor Steve Mensinger announced that Tesla Motors, an innovative automotive and energy storage company known for its high-end luxury electric cars, is the winner of the Mayor's Award presented at the Tuesday April 5 City Council meeting.

Accepting the award on behalf of the company was Tesla Store Manager Peter Najera and Service Manager Joe Estrada.

"We are deeply honored and this is a wonderful and amazing thing that you have done for us," Najera said. "We are thrilled to be here in Costa Mesa. It's a perfect location."

Costa Mesa is not only one of five Tesla sales locations in the county, but is also home to one of only two Tesla service centers in the county.

Tesla forgoes the typical dealership model that dominates the business, and instead sells cars directly to their customers through company owned stores or galleries, which are usually located in shopping malls.

For years, Tesla operated locally out of a 10,000-square-foot facility on Pullman Street in Costa Mesa, adjacent to the 55 freeway. Nearly a year and a half ago they expanded their operation to also include a 27,000 square foot facility just down the street.

The new facility serves as a state of the art service center, complete with 26 service bays, two alignment bays, a detail center and car wash area in two buildings.

A typical day finds six service advisors and 20 service technicians servicing 30-35 vehicles per day, making the Costa Mesa location the number one Tesla Service center in terms of volume in the entire nation.

City reaches landmark agreement with Solid Landings to cease sober living home operations

The City of Costa Mesa reached a landmark settlement agreement with Solid Landings Inc. that will result in the immediate closure of 15 of the company's residential sober living homes and the closure of 18 more over the next two to three years at the latest.

"This is a major victory both for the residents of Costa Mesa and city officials who worked diligently on this issue for several years," said Mayor Steve Mensinger. "We have invested considerable resources in legal, law enforcement and code enforcement efforts to ensure a balance between our residents who deserve neighborhood peace and tranquility and those who seek facilities to battle their addiction problems."

The agreement with Solid Landings, the largest group home operator in the city of Costa Mesa, will effectively end years of both federal and state litigation between the company and the city and will keep intact the city's two groundbreaking ordinances that place appropriate restrictions on group homes, limiting the number of occupants and the proximity between similar homes.

By entering into the agreement, Solid Landings will ultimately close 33 residential facilities and no legal fees will be paid by the city. Further, Solid Landings will relocate its counseling facilities to two locations in the city, one in a commercial area and the other in an industrial location.

The settlement discussions began approximately a month ago when the City Council directed Mayor Pro-Tem Jim Righeimer to negotiate on behalf of the city.

The negotiations between Righeimer and Solid Landings resulted in an agreement reached Tuesday April 5 when the council voted 3-0 to accept the terms of the settlement.

Easter Egg hunt a big hit for Marine families

On Thursday March 24, staff and members of the City of Costa Mesa's Military Affairs team hosted an Easter egg event for the children of the City's Adopted Marine battalion, the 1/5 Marines at Camp Pendelton.

Members of the team stuffed over 2,000 Easter eggs for the event over a three-day period at City Hall.

The Costa Mesa Community came out in full support of the Marines with over 3,000 items being donated in the steam trailer located in the City Hall lobby. Congrats to all.

CMHS students travel to New Orleans for history and

musical tour

Costa Mesa High School is opening the doors of real world music, history, and arts education in a once-in-a-lifetime trip for a select number of students. To kick off their spring break, fourteen members of the school band will be traveling to New Orleans and immersing themselves in the local history and jazz culture for five days.

They'll be joined by fourteen members of the Huntington Beach High School Band and several parents from both schools under the leadership of Mrs. Sandy Gilboe and Mr. Gregg Gilboe, directors of the bands at CMHS and HBHS, respectively.

New Orleans is widely renowned as the birthplace of Jazz music. The students will have the opportunity to experience several live performances, including a visit to Snug Harbor Bistro to hear Ellis Marsalis (patriarch of the famous Marsalis jazz family), a private concert by the Preservation Hall Jazz Band, and Cajun music and culture at Mulates Restaurant.

Scheduled tours of the French Quarter, Oak Valley Plantation, Cajun Pride Swamp, and the Natchez Steamboat will provide the students a first-hand history lesson unlike any they have ever experienced.

Seegerstrom Center for the Arts Presents Disney Musicals

in Schools Student Share Celebration

On Tuesday, March 22 a total of 284 students from four various neighboring schools graced the Renee and Henry Segerstrom Concert Hall with a common love of musical theater bringing them all to one stage.

The Segerstrom Center for the Arts presented Disney Musicals in Schools “Student Share Celebration” that featured students grades 3-6 all whom performed from selected musical numbers before a crowd of enthusiastic friends, family and teachers.

For 17 weeks’ students, teachers and professional teaching artists worked collaboratively during after school sessions, learning, rehearsing and performing scenes, songs and dance numbers from some of Disney’s beloved musicals.

The objective being to create a continual theater program in the participating schools.

The culmination of all their efforts resulted in presenting and performing a live 30-minute Disney KIDS Musical performance on each individual campus. Following their respective performances, the student’s grand finale was a performance at Segerstrom Center for the Arts as part of the Disney Musicals in “Schools Student Share Celebration.”

This provided an extraordinary opportunity for them to showcase all their great efforts and perform a signature song from their musical in front of students, family members, faculty and associates from Disney.

Disney Musicals in Schools is designed to create sustainable musical theater programs in public elementary schools. School teams are provided with the training and tools necessary to support student productions and empower them to continue this theater tradition in their school for years to come.

Basketball Legend Scea Cotton Inspires Young Athletes at Local Private School

Mariners Christian School athletes had a few reasons to celebrate at their Awards Banquet on Wednesday, March 16: a strong final standing as second place in the League; new uniforms, shoes, and equipment for the entire team; and an extraordinary basketball coach in former All-Star player Scea Cotton.

A previous professional basketball player of 10 years, Scea Cotton was a champion at Mater Dei in 1994 and 1995, touted as one of America's biggest high school talents, and later played in college at Alabama. Through a series of circumstances and

events, Cotton's career plans for the NBA did not come to fruition, but he is passionate about sharing his story with others and using his talent to positively impact young people.

Currently Cotton operates the Scea Cotton Basketball Academy for youth. He is also promoting a documentary called "ManChild: The Scea Cotton Story," with a goal of entering it into film festivals such as the 2016 Newport Beach Film Festival. The film explores Cotton's experience as a high profile young athlete and the pressures that come with that status. He hopes to reach young athletes as well as the entire basketball world with his message.

"MCS is extremely fortunate to have Scea Cotton's involvement in our athletic program this year. Beyond his incredible talent and experience, Scea has a strong Christian faith and attitude that is inspiring for our students," said MCS Athletic Director Mac Thompson.

In addition to his role as Head Basketball Coach, Cotton leveraged his connections with the Shea Cotton Foundation, Shea Cotton Basketball Academy, and Doctors of Newport-Mesa Audiology Balance and Ear Institute to secure 17 pairs of free Nike basketball shoes for the team, as well as new warm up t-shirts and equipment.

“It’s been a real pleasure serving as coach for the sixth graders at MCS,” Cotton said. “I felt the season was a real success in that the kids all developed, improved, and came together to play for one another and to glorify God.”

For more information on Shea Cotton and his basketball programs for youth, visit [this site](#).

CMHS Foundation Annual Meeting

The Costa Mesa High School Foundation will hold its annual meeting on Friday, March 25 from 4 – 6 p.m. at the Crowne Plaza Hotel Fireside Lounge.

The annual meeting, which is open to the public, will include an introduction of the new Foundation Board of Directors, a CMHS Arts Academy update, artist showcase and special performances by the CMHS Madrigals and Music Department.

The Foundation was formed in 2003 to manage an endowment donated by CJ Segerstrom & Sons that funds enhanced educational opportunities at Costa Mesa Middle & High School. The Foundation has contributed more than \$500,000 in teacher grants directly from the interest earned on the endowment. In 2013, the Foundation began to fundraise for additional discretionary funding with the annual Gala and Home Tour.

The CMHS Board of Directors includes parents, alumni and teachers, as well as business and community leaders. [Click here](#) for more information about the Costa Mesa High School Foundation, and [click here](#) to RSVP to the annual meeting.
