The City of Costa Parks & Community Services Department has recently appointed Cynthia D'Agosta as the new Fairview Park Administrator, who is tasked with maintenance, inspiring local participation and trust in the improvement and protection of Fairview Park.

"Fairview Park as a truly unique and special, local and regional resource, that can serve the community through passive recreation, environmental and cultural education, volunteerism and its pure landscape beauty," D'Agosta said.

D'Agosta is a native Californian, urban open space planner, landscape architect and artist. She holds a Bachelor's Degree in science and fine arts from UC Santa Cruz and a Master's Degree in landscape architecture from Harvard University's Graduate School of Design.

In her 25-year career, she has focused on: enriching human experiences with local landscapes; supporting and leading communities in the area of preservation; and in the creation of meaningful public spaces.

Her expertise includes community leadership, project management, and planning of urban parks, open spaces, natural areas, and cultural resources. She has studied and performed management and design of regional scale urban open spaces for both non-profits and government entities such as the Los Angeles County Dept. of Parks & Recreation, the Mountains Recreation and Conservation Authority, the Santa Monica Mountains Conservancy, the National Parks Service, and the San Francisquito Creek Joint Powers Authority.

D'Agosta's Southern California experiences have included projects for the Los Angeles, San Gabriel, and Santa Ana River restorations; LA County regional parks; and in private practice, designing trails and parks for housing developments of Newport Coast and Rancho Santa Margarita.

Most recently while in the Bay Area, she has served as Executive Director for a multi-jurisdictional urban infrastructure creek project (the SFCJPA), 50-year-old environmental advocacy non-profit, and a historic garden estate.
