

New Long Beach Airport flight tracking page added to city's Airport Noise and Concerns page

The city has added a new link to a Long Beach Airport web page that monitors and tracks air traffic from multiple airports throughout the region.

A link to the web page is located on the Airport Noise and Concerns page on the city's website.

The page, which is provided by Long Beach Airport, features a Google map with animation of the aircraft. Web visitors can hover a mouse over the aircraft and learn where it is arriving or departing from and its altitude. Complaints can also be filed using by clicking the Investigate tab at the top left.
