

Protection for kids is installed at Davis Field

A local resident reported some hazardous conditions relating to drug use at Davis Field at Lions Park and noted that it was potentially unsafe for children who use the field for soccer practice. To better protect the kids who use the field, the city has installed screens along the existing walls to deter drug use or paraphernalia from being left on the field.

In addition, city parks maintenance workers will conduct a manual foot sweep of the field each day to ensure it is safe for youth sports activities.
