

Public Services completes Victoria Street wall closures

The City Council received numerous safety concerns from residents adjacent to the wall openings on both Raleigh Avenue and Victoria Street related to transients who sleep and/or loiter, use drugs and alcohol consumption, public urination and graffiti vandalism.

Additionally, concerns were also brought up to city staff regarding the use of neighborhoods containing such wall openings for additional parking for the apartments located on the other side of the wall. Consequently, the City identified seven wall opening locations on Victoria Street and one wall opening location on Fairview Avenue to close off.

Public Services contracted with Horizons Construction Company, Inc. to close off arterial wall openings at these locations. The project consisted of demolishing the existing sound wall obstructions, curb and gutter, and sidewalks; and the construction of new, reinforced masonry-block sound walls, wall foundations, sidewalks, curb and gutter, and other work required to properly transition to the new improvements.
